### Who?

Kids of all abilities, ages 4-17 are welcome at Totally Tennis. Our experienced staff is adept at teaching all different levels and ages, while keeping the instruction fun and inspiring.

### Groups

Lobbers are excited beginners. The kids learn grips and strokes using mini nets and low compression balls. (Ages 4-7)

Slicers have some experience on the court but are relatively "green". They learn stroke patterns and begin to rally. More movement is introduced. (Ages 7-10)

Topspinners have played tennis and are working on stroke consistency and point construction among other more advanced skills. (Ages 10-17)

Tiebreakers are playing in local leagues and working toward USTA tournaments as well. In addition to drilling and match play, these kids will become experts in sportsmanship, a life lesson. (Ages 10-17)
